Attn: [REDACTED]

Executive Secretary, NIS Committee

1. This unit is desirous of obtaining copies of the following maps contained in NIS volumes:

a. From NIS 26GS, March 71: 70 copies of "Terrain Features Map", Figure 187, map # 77712 2-71.

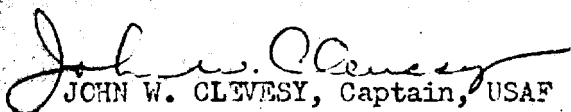

b. 70 copies of "Comparative Area and Latitude Map", Figure 187, map same number as above.

2. We have requested NIS maps in the past and understand that certain of them are not always available in printed quantities. If that should be the case with regard to this request, we would be glad to obtain appropriate negatives and reproduce the desired maps locally.

3. We would also like to inquire if 8x10 maps similar to Figure 137, "Summary Map" (500410 11-71), NIS GS 39A, Nov 71 are available. Title of map is "Peoples Republic of China". Also, are there currently available an 8x10 map or maps depicting inland waterways and rail lines of China?

4. Your assistance in this request and inquiry is greatly appreciated by the instructor staff of this unit.
